A Note from KSMC

April has arrived with the warmth of spring. We would like to extend our sincere thanks to all the parents who joined us last week for our school anniversary celebration and made the event even more special.

In April, we have a variety of exciting events planned, including Spring Break (no school) as well as outdoor performances and activities. If you would like your child to participate, please plan to attend the events with your child on **April 25 and 26** at the designated locations. (Students may be dismissed freely after their performances.)

If you are able to participate, please inform your child's classroom teacher or contact the school via email in advance. Thank you!

Students have learned most of the basic consonants and are now practicing reading and writing by combining them with vowels. It is wonderful to see them build their skills step by step and take pride in reading each letter, expanding their joy of learning along the way.

Teacher's Note

April is already here. With Spring Break and upcoming off-campus events, it will be a month full of diverse and enriching experiences for our students.

Students are wrapping up their learning of Korean consonants and vowels, and in May, we plan to spend time reviewing and reinforcing what they have learned.

Please encourage your child to use Korean at home, even in small ways.

Reminders

Spring Break and outdoor Ed events are scheduled for April. Further details will be shared via school email.

We look forward to another enjoyable month with the students.
